

sketchbook drawings

Almost every day you will have a 20-25 minute assignment in your sketchbook.

When you come into the room you will see your instructions on the blackboard. Some will be two day assignments.
Your sketchbook is worth a total of 300 points.

Some of the things we will do in the sketchbook:

Observational drawing

Multi-media pieces

Abstract work

Imaginative drawings

Memory sketches

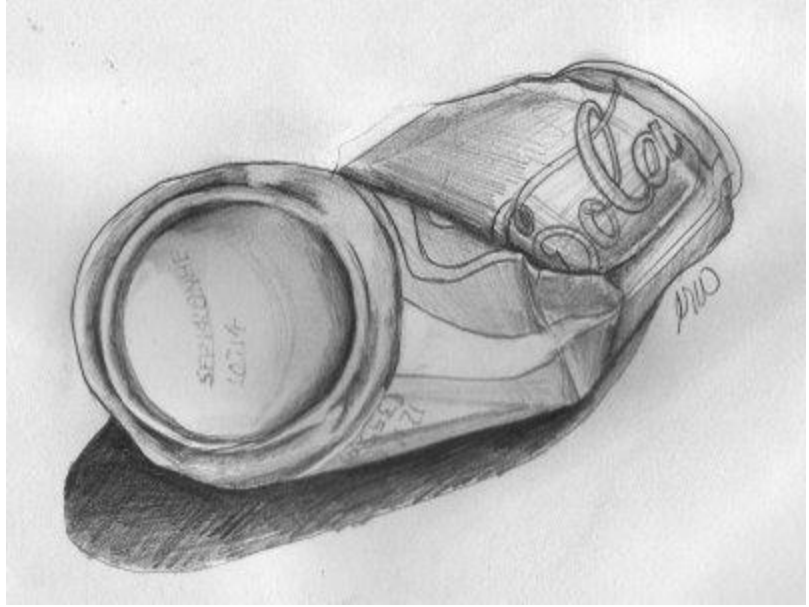

Drawings from photos

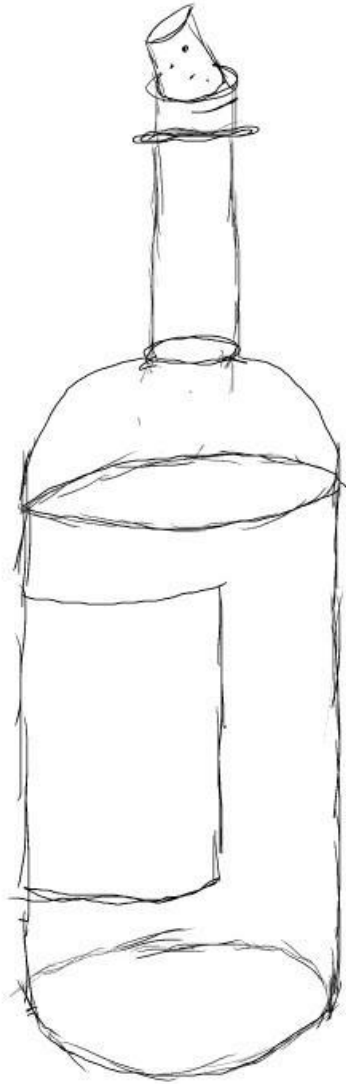

I am looking for drawings that include
detail and value (shading)

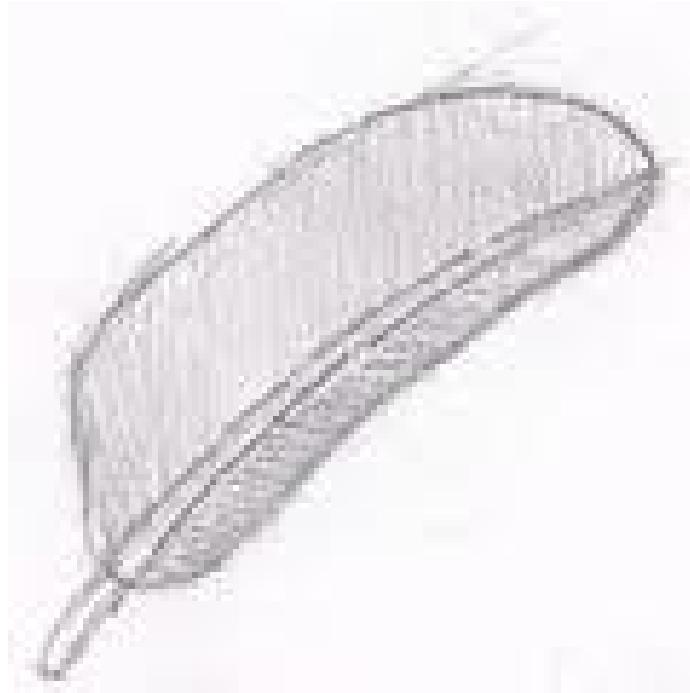

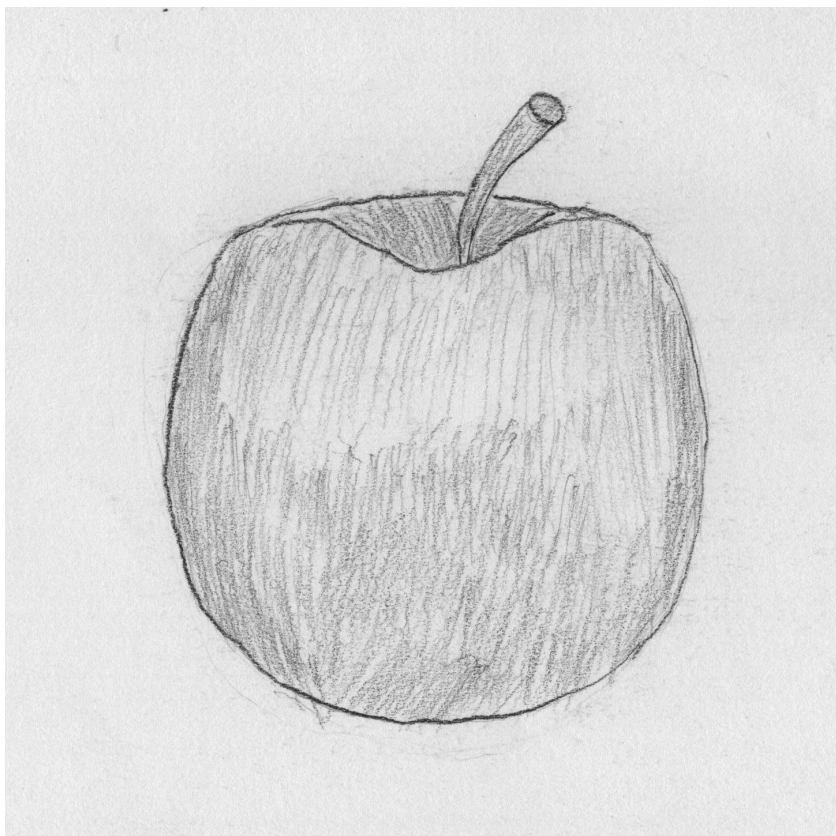

These drawings show effort because of the detail and value.

How you will be graded on your drawings:

- The student is not missing any sketches
- Time was used efficiently: 20-25 min each day, start as soon as class starts and work until the time is up
- The drawings include value (shading) and careful details and they look patiently done
- Drawings should follow instructions: include all written responses
- Student uses the full page (don't waste space!)

The sketchbook will be graded twice for your drawings; once each quarter. You will also receive a grade for your sketchbook cover which is an assignment we will do in a few weeks.
